

Tiffany E. DiPanni

Intro

Tiffany has held leadership positions in several industries including medical, legal and sports. After many years pursuing a career in corporate America, Tiffany founded DiPanni Dynamix and consults clients world-wide on various levels to companies that are in need of new business marketing and communication strategies. The senior community has always been most near and dear to her heart throughout her life. Social Savvy Seniors was formerly launched to provide educational presentations and personalized training for older adults adapting to new technology. Tiffany believes the greatest generations are not given the same opportunities as others who are more tech-savvy. She is dedicated to introducing technology to older adults and caregivers at their own pace, and in a comfortable, stress-free environment.

Experience

Tiffany has held leadership positions in several industries including medical, legal and sports. After many years pursuing a career in corporate America, Tiffany founded DiPanni Dynamix in 2017. She desired to be more of an integral part of companies and business professionals who needed her help most, and to be able to work beside them on their journey to success.

The senior community has always been the most near and dear to her heart, as she spent much of her time as a child with her grandmothers. Tiffany founded Social Savvy Seniors in Palm Beach County, FL that offers programs and specialized training to help older adults and caregivers adapt to the digital world we live in.

With clients world-wide Tiffany also consults on various levels to companies that are in need of new business strategies - especially in regards on how companies can be attracting, serving and retaining the older adult clientele better.

Tiffany believes the greatest generations are not given the same opportunities as others who are more tech-savvy, and she is working hard to change that.
